

Dear Dr. Shapiro:

>  
> How may I obtain a letter of permission from you so that I may  
> reproduce copyrighted material? In my dissertation, I have included  
> modifications of interventions from Control Therapy (1998). In  
> addition, my proposed evaluation includes utilization of the SCI.

> Thank you,

> Michelle Yannopoulos, M.A.

> Dear Dr. Shapiro:

>  
> Thank you for the information! My dissertation (theoretical  
> investigation and program development) examines attrition in military  
> basic training. Research has shown that locus of control is related  
> to attrition, however, it is unclear whether a recruit having an  
> internal or external locus of control can better adapt to and be less  
> likely to attrite from basic training. As you know, researchers have  
> primarily attempted to measure it as a unidimensional construct rather  
> than as a multidimensional construct. I am proposing the development  
> of a program utilizing existing screening measures with a  
> multidimensional measure of control with the SCI.
